"Baptismal regeneration" and "infant baptism." These two errors have, according to the testimony of well-established history, caused the shedding of more Christian blood, as the centuries have gone by, than all other errors combined, or than possibly have all wars, not connected with persecution, if you will leave out the recent "World War." Over 50,000,000 Christians died martyr deaths, mainly because of their rejection of these two errors during the period of the "dark ages" alone--about twelve or thirteen centuries."—"Trail Of Blood", J.
